## **BASIS Independent Brooklyn**

*Experience the top ranked BASIS Curriculum in a state-of-the-art school in one of America's most dynamic cities.*

What happens when best practices from top education systems in the world, places like Singapore, Finland, and Shanghai, are infused with the creativity and spirit that defines American education? **BASIS Curriculum Schools!**

Our program, rooted in the liberal arts and sciences, is looked to as the gold standard in preparing students with the content knowledge, critical thinking, and creative problem solving skills that open up a world of possibility, of unlimited potential in whatever pursuit they seek.

### ***The Borough of Brooklyn***

- › Unique, family-friendly neighborhoods.
- › Numerous public parks and walkways.
- › Easy and readily-available transportation. The best of New York City is all around you!
- › Less crowded than other areas in New York City.
- › The Manhattan skyline and the world-famous Statue of Liberty are visible from the school, and the popular Coney Island beach and amusement park area is a short train ride away.
- › In addition, Brooklyn has many green parks where you can safely ride a bicycle or walk with friends and enjoy the blue skies!

### ***Manhattan and New York***

Just across the iconic Brooklyn Bridge is the island of Manhattan where you can experience world-renown Broadway plays, top restaurants, culturally rich museums and monuments, not to mention SoHo fashion and Fifth Avenue's designer shops.
